9th February—Half Term

Some of the things Phase 3 have been up to last term

Role Play in Class 5K

Class 5/6Mc Chat to Scientists

Class 6M discuss 'Skellig'

RE

In RE we will be studying the topic of "Mission" and looking at how we continue Jesus' mission in the diocese. We will also study 'Memorial Sacrifice' and look at the Eucharist, the living memorial of Jesus' sacrifice.

Science

The children have started our topic 'Earth and Space.' In this topic we will look at the relationship between Earth, the sun and the other planets. We will also look at Time zones and how time changes around the world.

Maths

Phase 3 will follow the Maths No Problem scheme of work and will also be taking part in a times tables challenge every day!

Year 6 have started their SATS practice and will be practicing a paper each Monday morning. This will alternate between the maths and English papers each week.

Geography

Extreme Weather is our topic this term. We will look at various types of extreme weather experienced around the world and the affects they have on the environment and the people living in those areas.

D&T

Place your orders now for the comfiest, best looking cushions you'll see! Phase 3 are looking at 'Funky Furnishings' and are studying about the functionality and aesthetics of different styles and sizes of cushions. They will then get the chance to show off their needle work by creating their own cushions.

Literacy

Class 5k will be following the Literacy in Language programme and the topic 'Believe in Unicorns' Class 5/6 Mc and 6M will be studying the book "Skellig" by David Almond
